How much should I give?

Well, in short, as much as you can! However, even a minimum amount of £10 every month will be appreciated and make a big difference to the Charity.

In 2018, our 75th anniversary year, we were able to help over 75 charities with over £75,000, thanks to the support of nearly 75% of the Company.

Don’t forget to complete a Gift Aid form to make your donation worth even more!

Charity

Our very own Charity, previously known as the Cutler Trust, was set up in 1943 by two card manufacturers, John Waddington Ltd and De La Rue Company Ltd and named after the then Master, Lindsay W S Cutler Esq. The name was changed recently to Makers of Playing Cards Charity (MPCC) better to reflect the Company, whose members provide the funds.

Our Funds

The amount of grants our Charity has been able to give out each year has doubled over the last 5 years to more than £82K, thanks to the generosity of our donors and the decisions of our wise investment committee. Nevertheless, applications for grants to our Charity still far exceed this amount, so more can be done to help.

How We Make a Difference

We currently support around 60 charities, as well as some schools and the Armed Forces. We ask all grant applicants to submit an explanation of their funding request together with their recent accounts. All applications are assessed and those meeting our criteria are put forward to the Trustees for a decision.

Members of the Company liaise with the grant recipients to ensure that the goals as set out in their application are met. The relationships formed are incredibly rewarding for both sides.
